## ANNOUNCEMENT

---

### CONVERTIBLE BONDS DUE 2013

---

The manager of CapitaCommercial Trust (“**CCT**”), CapitaCommercial Trust Management Limited (the “**Manager**”) refers to the issue by CCT, acting through HSBC Institutional Trust Services (Singapore) Limited as trustee of CCT (the “**CCT Trustee**”), of S\$280.0 million convertible bonds due 2013 (the “**Convertible Bonds**”) convertible into new units of CCT (“**Conversion Units**”).

*All capitalised terms used and not defined herein shall have the same meanings given to them in the announcements dated 1 April 2008 and 2 April 2008 made by the Manager in connection with the Convertible Bonds.*

The Manager is pleased to announce that the issue of the Convertible Bonds has successfully closed today.

The Convertible Bonds are convertible by holders into the Conversion Units at any time on and after 21 May 2008 up to 3.00 p.m. on 21 April 2013 (at the place where the certificate evidencing such Convertible Bonds is deposited for conversion) unless previously redeemed, converted, or purchased and cancelled and except during a Closed Period (as defined in the Offering Circular dated 2 May 2008 issued by CCT in relation to the Convertible Bonds). The conversion price (subject to adjustments in the manner provided in the terms and conditions of the Convertible Bonds) will initially be S\$2.6762 per Conversion Unit.

The Convertible Bonds constitute direct, unsubordinated, unconditional and unsecured obligations of the CCT Trustee and shall at all times rank *pari passu* and without any preference or priority among themselves. The payment obligations of the CCT Trustee under the Convertible Bonds shall, save for such exceptions as may be provided by mandatory provisions of applicable law and the terms of the Convertible Bonds themselves, at all times rank at least equally with all of its other present and future direct, unsubordinated, unconditional and unsecured obligations.

The Conversion Units to be issued upon conversion of the Convertible Bonds when allotted and issued, will rank *pari passu* in all respects with the existing units of CCT as of the date of their issue, except for any rights the record date for which precedes the relevant conversion date of the Convertible Bonds.

The Convertible Bonds are expected to be admitted to the Official List of the Singapore Exchange Securities Trading Limited with effect from 9.00 a.m. on Wednesday, 7 May 2008.

This announcement may contain forward-looking statements that involve risks and uncertainties. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements as a result of a number of risks, uncertainties and assumptions. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, cost of capital and capital availability, competition from other companies and venues for the sale or distribution of goods and services, shifts in customer demands, customers and partners, changes in operating expenses (including employee wages, benefits and training costs), governmental and public policy changes and the continued availability of financing in the amounts and the terms necessary to support future business. Investors are cautioned not to place undue reliance on these forward-looking statements, which are based on the Manager's current view on future events.

The value of Units and Convertible Bonds, and the income derived from them may fall as well as rise. Units are not obligations of, deposits in, or guaranteed by, the Manager or any of its affiliates. An investment in Units and/or Convertible Bonds is subject to investment risks, including the possible loss of the principal amount invested.

Investors have no right to request the Manager to redeem their Units while the Units are listed. It is intended that Unitholders may only deal in their Units through trading on the SGX-ST. Listing of the Units on the SGX-ST does not guarantee a liquid market for the Units.

The past performance of CCT is not necessarily indicative of the future performance of CCT.
