## 3a) Rationale for redevelopment

CapitaCommercial  
Trust

# Redevelopment rationale/considerations

## In line with CCT's portfolio reconstitution strategy

- 1) Converting from car park to office use maximises land use for this prime site
- 2) Increase presence in Raffles Place area
- 3) Financial considerations

## Market environment is compelling

- 4) No other Grade A office buildings in CBD completing in 2014
- 5) Office demand expected to increase on the back of economic growth
- 6) Positive trends in office rents

# 1) Proposed redevelopment for Market Street Car Park: An ultra-modern Grade A office tower

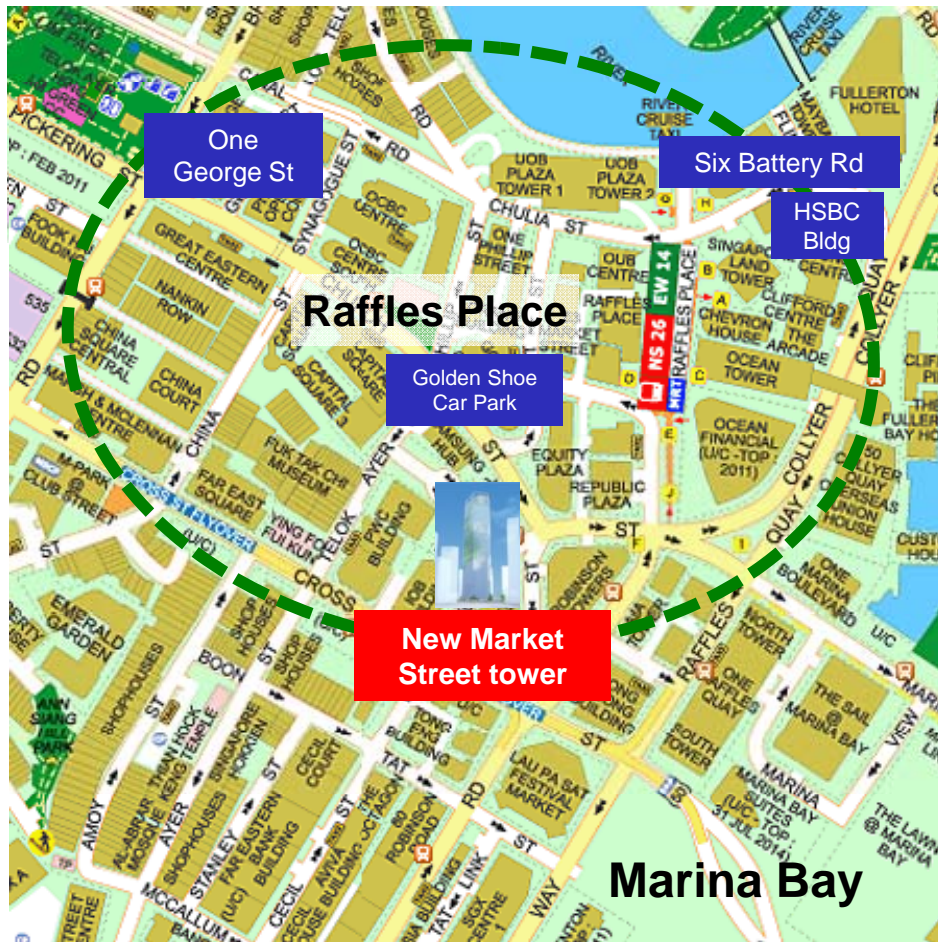

*Image based on artist's impression only. Actual design may be subject to change without notification.*

<b>Design</b>	Mr. Toyo Ito, internationally-acclaimed architect and winner of multiple awards, including the Royal Gold Medal by RIBA (Royal Institute of British Architects)
<b>Tenure</b>	99 years from 1 April 1974
<b>Estimated GFA</b>	887,000 sq ft (including bonus GFA)
<b>Estimated NLA</b>	720,000 sq ft
<b>Typical floor plate</b>	20,000 – 25,000 sq ft
<b>Max. height control</b>	245 m (same as new office buildings at Marina Bay)
<b>No. of storeys</b>	About 40
<b>Target completion</b>	Before end-2014

## 2) Enhance CCT's position as the dominant office owner in the Raffles Place area

### Attractiveness of Market Street site

- In the heart of Singapore's Central Business District, and close to Marina Bay
- Excellent connectivity to public transportation network and amenities
- Island site with high visibility

### 3) Financial feasibility of the project

<b>Estimated Total Project Development Cost</b> (including differential premium based on unexpired land lease of 62 years and other costs)	<b>S\$1.4 billion</b> (c. <b>S\$1,900</b> per square foot based on net lettable area)
<b>Stabilised Yield</b>	<b>More than 6% per annum</b>

## 4) No other new office supply in 2014: Completion of redevelopment to meet demand

### Notes:

- (1) Central Area comprises 'The Downtown Core', 'Orchard' and 'Rest of Central Area'
- (2) 2010 to 2012 supply has not taken into consideration the estimated 1.7 million square feet of office space that will be converted to residential use

Source: Consensus Compiled from CBRE, JLL, Nomura (Jan '11), CLSA (Apr'11)

## 5) Stable GDP growth expected to increase demand for office space

Source: Ministry of Trade and Industry, Bloomberg, Consensus Forecast (Apr 2010) for 2011-2012 Forecast, EIU for 2013-2015 Forecast

## 6) Unprecedented highs achieved in 2008 due to lack of supply

\*Note: No historical data for Grade A rents prior to 2002

Source for office market rent: CBRE (figures as at end of each quarter)

## 3b) Proposed joint venture

CapitaCommercial  
Trust

## Joint venture partner needed as total project cost exceeds 10% of CCT total assets

According to the Property Fund Guidelines issued by the Monetary Authority of Singapore,

- *“The total contract value of property development activities undertaken and investments in uncompleted property developments should not exceed 10% of the property fund’s deposited property [total asset size].”*

Estimated total project development cost	CCT’s total asset size as at 31 Mar 2011	10% of CCT’s total assets
<b>S\$1.4 billion</b>	<b>S\$6.0 billion</b>	<b>S\$601 million</b>

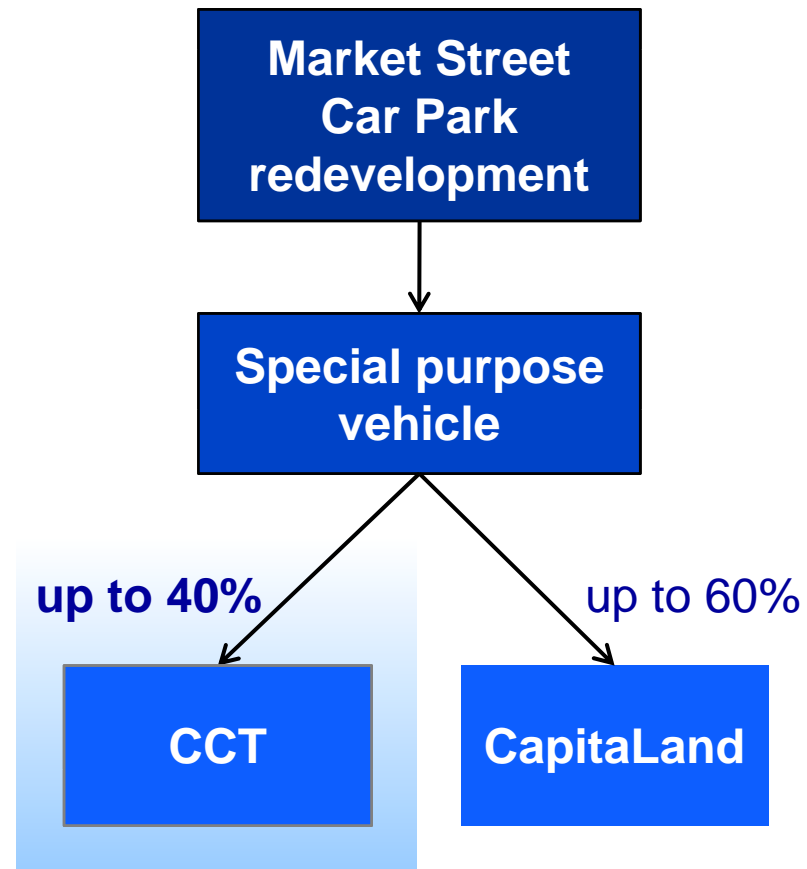

# Proposed joint venture\* with CapitaLand CCT to hold 40% in the special purpose vehicle

## Benefits of the partnership

1. Financial strength
2. Commercial real estate value chain → strong track record in development, marketing & leasing to property management
3. Sponsor of CCT → alignment of interest

\*Joint venture terms & conditions to be finalised.

# CCT's capital commitment

Estimated total project development cost	S\$1.4 billion
<b>CCT (40% stake)</b>	<b>S\$560 million</b>

- S\$560 million to be funded in stages (from 2011 to 2015)
- 2011 commitment for CCT expected to be about S\$335 million
- CCT's pro forma gearing will not exceed **31%** (on project completion)
